

Enjoy the Finest Golf in The World

MIRAMAR, FL – The inimitable opportunity to play golf almost everywhere is characterized by the impressive number of countries and world-renowned courses that are visited on *The World's* one-of-a-kind continuous global itinerary. It's a golf lover's dream and the ultimate golf experience. The World's Golf Club functions as a bespoke golf concierge program offering instruction, coaching and arranging golf experiences ashore which allow Residents and Guests to advance their game under the guidance of experienced pros, while playing the world's premier golf venues.

Onboard Golf Action

While sailing *The World*, the largest privately owned yacht on earth, Residents and Guests can improve their game at sea with onboard putting greens, chipping areas and state-of-the-art golf simulator. The latter offers a driving range and choice of playing 58 courses from around the world set to a variety of weather conditions, hard or soft greens, and other related circumstances. Residents and Guests can bring their own golf clubs (which can be stored onboard when they aren't sailing) or clubs can be rented.

A golf professional is on-hand to teach the ins and outs of this game of concentration, precision and skill. Private lessons are also available (either onboard or ashore).

Tee-Off in Ports-of-Call

The Ship's golf professionals begin researching possible courses well in advance of arrival into a particular port. They examine course rankings, industry reviews, the location relative to the port, course designers, photography (to gauge maintenance and preservation) and if the course has hosted any major tour events. Through their efforts, Residents and Guests are often granted access to members-only courses, a unique benefit of sailing on such an exclusive vessel. In addition to Signature Courses (defined by their reputation, history and designer), *The World's* pros draw on their own contacts to seek out courses that aren't as well-known to provide golfers with an unexpected and spectacular experience.

The pros typically accompany Residents and Guests to shoreside golf excursions to ensure that expectations are not only met but exceeded.

A Near Decade of Global Golfing

In 2011, and based on *The World's* itinerary, golf will be played in 59 countries on 79 courses (including multiple stops in Europe and South Africa).

Since the Ship's launch in 2002, Residents have played in more than 500 countries and on 600-plus courses (including 2011 figures) – many considered the finest and most challenging in the world. Courses have included Kingsbarns (Scotland), Royal Westmoreland (Barbados), K Club

(Wales), Harbour Town Golf Links (Hilton Head), Sandy Lane (Barbados), Loch Lomond (Scotland), Bayonne Golf Club (New Jersey) and Doral Golf Resort & Spa (Miami, Florida) to name a few.
